

## BARCELONA, GOLF DESTINATION

Barcelona is today an international tourist destination renowned for the quality of their infrastructures, and the excellent experiences it offers to visitors: culture, gastronomy, wine tourism and shopping. And it is also a destination for golf.

Around the city, less than 1 hour from downtown, you can enjoy 9 golf courses of international standing, professionally designed and where you can play with all the facilities (driving range, club hire; buggies; catering; summer camps; golf classes; shopping boutique; lockers rooms; club house and accessibility...). Clubs near the sea or near the mountains, surrounded by charming accommodations and traditional but also innovative cuisine.

We invite you to discover the area of Barcelona, where playing golf is much more.
